Recipe **Quick Apple Crisp**

Type Desserts, Cakes & Cookies

5 SOFT APPLES (I USED DRIED APPLES FROM FOOD STORAGE)  
1 PKG Butter CAKE MIX  
6 T CINNAMON/SUGAR MIXTURE  
1/2 C BUTTER (separated)

Peel, core and slice apples. If using dried apples, use enough to liberally cover the bottom of 9x13 pan. Melt 1/4 cup butter in baking pain, & then place apples. Sprinkle 1/2 the cinnamon/sugar mixture over apples. Sprinkle cake mix over apples.

Sprinkle over cake mix. Drizzle with melted butter. Bake 30-40 min. at 350. The shallower the pan the shorter time, the deeper the pan the longer time.
